Respondent.

UNPUBLISHED DECISION¹

On September 15, 2017, the parties filed a joint stipulation concerning the petition for compensation filed by William R. Choiniere on October 6, 2016. In his petition, petitioner alleged that the influenza vaccine he received on October 7, 2013, and the pneumococcal vaccine that he received on October 22, 2013, which are both contained in the Vaccine Injury Table, 42 C.F.R. §100.3(a), caused him to suffer chronic demyelinating polyneuropathy. Petitioner further alleges that he suffered the residual effects of this injury for more than six months. Petitioner represents that there has been no prior award or settlement of a civil action for damages on his behalf as a result of his condition.

¹ The E-Government Act, 44 U.S.C. § 3501 note (2012) (Federal Management and Promotion of Electronic Government Services), requires that the Court post this decision on its website. Pursuant to Vaccine Rule 18(b), the parties have 14 days to file a motion proposing redaction of medical information or other information described in 42 U.S.C. § 300aa-12(d)(4). Any redactions ordered by the special master will appear in the document posted on the website.

Respondent denies that the vaccines either caused or significantly aggravated petitioner's alleged injury or any other injury, and denies that petitioner's current disabilities are the result of a vaccine-related injury.

Nevertheless, the parties agree to the joint stipulation, attached hereto. The undersigned finds said stipulation reasonable and adopts it as the decision of the Court in awarding damages, on the terms set forth therein.

Damages awarded in that stipulation include:

A lump sum payment of \$148,000.00 in the form of a check payable to petitioner. This amount represents compensation for all damages that would be available under 42 U.S.C. § 300aa-15(a).

In the absence of a motion for review filed pursuant to RCFC, Appendix B, the clerk is directed to enter judgment in case 16-1286V according to this decision and the attached stipulation.²

IT IS SO ORDERED.

Christian J. Moran
Special Master

² Pursuant to Vaccine Rule 11(a), the parties can expedite entry of judgment by each party filing a notice renouncing the right to seek review by a United States Court of Federal Claims judge.

No. 16-1286V
SPECIAL MASTER

STIPULATION

The parties hereby stipulate to the following matters:

1. Petitioner filed a petition for vaccine compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. § 300aa-10 to 34 (the “Vaccine Program”). The petition seeks compensation for injuries allegedly related to petitioner’s receipt of influenza (“flu”) and pneumococcal vaccines, which vaccines are contained in the Vaccine Injury Table (the “Table”), 42 C.F.R. § 100.3 (a).
2. Petitioner received a flu vaccine on October 7, 2013, and a pneumococcal vaccine on October 22, 2013.
3. These vaccines were administered within the United States.
4. Petitioner alleges that he developed chronic inflammatory demyelinating polyneuropathy (“CIDP”) that was caused-in-fact by a flu vaccine administered on October 7, 2013, and/or a pneumococcal vaccine administered on October 22, 2013, and that he experienced residual effects of this injury for more than six months.

5. Petitioner represents that there has been no prior award or settlement of a civil action for damages on his behalf as a result of his condition.

6. Respondent denies that petitioner's alleged CIDP, or any other injury, was caused-in-fact by his flu and/or pneumococcal vaccinations.

7. Maintaining their above-stated positions, the parties nevertheless now agree that the issues between them shall be settled and that a decision should be entered awarding the compensation described in paragraph 8 of this Stipulation.

8. As soon as practicable after an entry of judgment reflecting a decision consistent with the terms of this Stipulation, and after petitioner has filed an election to receive compensation pursuant to 42 U.S.C. § 300aa-21(a)(1), the Secretary of Health and Human Services will issue the following vaccine compensation payment:

A lump sum of \$148,000.00 in the form of a check payable to petitioner. This amount represents compensation for all damages that would be available under 42 U.S.C. § 300aa-15(a).

9. As soon as practicable after the entry of judgment on entitlement in this case, and after petitioner has filed both a proper and timely election to receive compensation pursuant to 42 U.S.C. § 300aa-21(a)(1), and an application, the parties will submit to further proceedings before the special master to award reasonable attorneys' fees and costs incurred in proceeding upon this petition.

10. Petitioner and his attorney represent that compensation to be provided pursuant to this Stipulation is not for any items or services for which the Program is not primarily liable under 42 U.S.C. § 300aa-15(g), to the extent that payment has been made or can reasonably be expected to be made under any State compensation programs, insurance policies, Federal or

State health benefits programs (other than Title XIX of the Social Security Act (42 U.S.C. § 1396 et seq.)), or by entities that provide health services on a pre-paid basis.

11. Payment made pursuant to paragraph 8 and any amounts awarded pursuant to paragraph 9 of this Stipulation will be made in accordance with 42 U.S.C. § 300aa-15(i), subject to the availability of sufficient statutory funds.

12. The parties and their attorneys further agree and stipulate that, except for any award for attorneys' fees, litigation costs, and past unreimbursable expenses, the money provided pursuant to this Stipulation will be used solely for the benefit of petitioner as contemplated by a strict construction of 42 U.S.C. § 300aa-15(a) and (d), and subject to the conditions of 42 U.S.C. § 300aa-15(g) and (h).

13. In return for the payments described in paragraphs 8 and 9, petitioner, in his individual capacity and on behalf of his heirs, executors, administrators, successors or assigns, does forever irrevocably and unconditionally release, acquit and discharge the United States and the Secretary of Health and Human Services from any and all actions or causes of action (including agreements, judgments, claims, damages, loss of services, expenses and all demands of whatever kind or nature) that have been brought, could have been brought, or could be timely brought in the Court of Federal Claims, under the National Vaccine Injury Compensation Program, 42 U.S.C. § 300aa-10 et seq., on account of, or in any way growing out of, any and all known or unknown, suspected or unsuspected personal injuries to or death of petitioner resulting from, or alleged to have resulted from, a flu vaccination administered on October 7, 2013 and/or a pneumococcal vaccine administered on October 22, 2013, as alleged by petitioner in a petition for vaccine compensation filed on or about October 6, 2016, in the United States Court of Federal Claims as petition No. 16-1286V.

14. If petitioner should die prior to entry of judgment, this agreement shall be voidable upon proper notice to the Court on behalf of either or both of the parties.

15. If the special master fails to issue a decision in complete conformity with the terms of this Stipulation or if the Court of Federal Claims fails to enter judgment in conformity with a decision that is in complete conformity with the terms of this Stipulation, then the parties' settlement and this Stipulation shall be voidable at the sole discretion of either party.

16. This Stipulation expresses a full and complete negotiated settlement of liability and damages claimed under the National Childhood Vaccine Injury Act of 1986, as amended, except as otherwise noted in paragraph 9 above. There is absolutely no agreement on the part of the parties hereto to make any payment or to do any act or thing other than is herein expressly stated and clearly agreed to. The parties further agree and understand that the award described in this Stipulation may reflect a compromise of the parties' respective positions as to liability and/or amount of damages, and further, that a change in the nature of the injury or condition or in the items of compensation sought, is not grounds to modify or revise this agreement.

17. This Stipulation shall not be construed as an admission by the United States or the Secretary of Health and Human Services that petitioner's alleged CIDP, or any other condition, was caused-in-fact by his flu and/or pneumococcal vaccinations.

18. All rights and obligations of petitioner hereunder shall apply equally to petitioner's heirs, executors, administrators, successors, and/or assigns.
